(For your love)  
I'd give you everything and more and that's for sure  
(For your love)  
I'd bring you diamond rings and things right to your  
door  
(For your love)  
To thrill you with delight, I'd bring you diamonds bright  
(For your love)  
Everything that will excite, make you dream of me at  
night

For your love, for your love  
For your love, for your love

For your love, for your love  
I would give you stars above  
For your love, for your love  
I would give you all I could  
For your love

(For your love)  
I'd give the stars if they were mine to give  
(For your love)  
I'd give the moon everyday that I live  
(For your love)  
To thrill you with delight, I'd bring you diamonds bright  
(For your love)  
Everything that will excite, make you dream of me at  
night

For your love, for your love  
For your love, for your love  
For your love, for your love
