Goodbye angel
I'm going down but I'm not going 'round the bend
I'm giving out but I'm not giving in

Love turned to hate
Touch turned to pull
What could I do
My cup was full
Goodbye angel

Goodbye angel
I'm giving out, but I'm not giving in
'cause yesterday is not like today my friend

Love turned to hate
Touch turned to pull
What could I do
My cup was full
Goodbye angel

Goodbye angel
(just let it go)
(keeping on pulling)
(just let it go)
Goodbye angel
(keeping on pulling)
(just let it go)
