What can I say - she's walking away - from what we've  
seen

What can I do - still lovin' you - it's all a dream

How can we hang on - to a dream

How can it ever be - the way it seems

How can we hang on - to a dream

What can I say - she's walking away - from how it was

What can I try - I still don't see why - she says what she  
does

How can we hang on - to a dream

How can it ever be - the way it seems

What can I say - she's walking away - from what we've  
seen

What can I do - still loving you - it's all a dream

How can we hang on - to a dream

How can it ever be - the way it seems

How can we hang on - to a dream
