Well I try and I try
(You can't forget her)
I can't run, can't hide
(When you remember)
Nights that won't fade away
Yea fade away

Well I still go crazy
(When you hear her name)
Feels like you just left today
(And it drives you insane)
But you keep holdin' on
Yea holdin' on

In the back of my mind
You live all the time
In the back of my mind
(In the back of my mind)
Every night, every day
That's where you still play
In the back of my mind

When I close my eyes
(You can still touch her)
And I fantasize
(She's still your lover)
When I wake up I see
The only place you'll be
I know where you'll be

In the back of my mind
You live all the time
In the back of my mind
(In the back of my mind)
Every night, every day
That's where you still play
In the back of my mind

I remember your eyes burnin' bright
Like we touched the summer sun
I can see your shadow standin' there
On the streets where we used to run

Ohh
Remember

In the back of my mind
You live all the time
In the back of my mind
(In the back of my mind)
Every night, every day
That's where you still play
In the back of my mind
(In the back of my mind)

In the back of my mind
You live all the time
In the back of my mind
(In the back of my mind)
