Madison blues

You babes talk about your madison shoes  
We've got a thing we call the madison blues  
We do the Madison blues  
We do the Madison blues  
We do the Madison blues, baby  
Rock away your blues

Now I knew a gal her name is Lindsey-loo  
She told me she loved me but I know it aint true  
Put on your Madison shoes  
Put on your Madison blues shoes  
I've got the Madison blues  
Now put on your Madison blues shoes

You cats talk about your Madison shoes  
We're doing a thing we call the Madison blues  
We do the Madison blues  
We do the Madison blues  
We do the Madison blues, baby  
Rock away your blues

You babes are talking about your Madison shoes  
We do the Madison blues  
We do the Madison blues  
We do the Madison blues, baby  
Rock away your blues
