Ohh
Pretty baby
This feeling, I just can't hide
You got me mystified
Ohh

Ohh
Pretty darling
This feeling is deep inside
You got me mystified
Ohh

The light that shines around you
It blinds my eyes
There's a magic surrounds you
Tell me where your secret lies

Ohh
Pretty darling
This feeling is deep inside
You got me mystified
Ohh

Oh
Pretty baby
This feeling I just can't hide
You got me mystified
Ohh
You got me mystified
Ohh mystified
Ohh mystified
Ohh mystified
