(Christine McVie)  
I'm out of my mind  
and it's only over you  
i'm out of my mind  
and it's only over you  
people think i'm crazy  
but they don't know  
thought love had failed me  
but now, they're watching it grow  
angel, please don't go  
i miss you when you're gone  
they say i'm a silly girl  
but i'm not a fool  
people say they know me  
but they don't see  
my heart's your future  
your future is me  
angel, please don't go  
i miss you when you're gone  
they say i'm a silly girl  
but i'm not a fool  
i'm out of my mind  
and it's only over you  
i'm out of my mind  
and it's only over you  
(repeat)
