So long ago  
Certain place  
Certain time  
You touched my hand  
All the way  
All the way down to Emmaline  
But if our paths never cross  
Well you know I'm sorry but

If I live to see the seven wonders  
I'll make a path to the rainbow's end  
I'll never live to match the beauty again  
The rainbow's end  
(Never, never)

So it's hard to find  
Someone with that kind of intensity  
You touched my hand, I played it cool  
And you reached out your hand to me  
But if our paths never cross  
Well you know I'm sorry but

If I live to see the seven wonders  
I'll make a path to the rainbow's end  
I'll never live to match the beauty again  
The rainbow's end  
(Ever)

So long ago  
It's a certain time

It's a certain place  
You touched my hand and you smiled  
All the way back you held out your hand  
If I hope and if I pray  
Ooh it might work out someday

If I live to see the seven wonders  
I'll make a path to the rainbow's end  
I'll never live to match the beauty again

If I live to see the (oh, if I live to see the seven wonders)

Seven wonders

I'll make a path to the rainbow's end

(I'll make a path there)

I'll never live to match the beauty again

(I'll never live to see the beauty, that beauty, that same,  
same beauty again)

If I live to see the seven wonders

(oh, if I live to see them)

I'll make a path to the rainbow's end

I'll never live to match the beauty again
