I've seen so many things that made me wonder  
But sometimes it's hard to tell  
I said  
"Take your time"  
But no one was listening  
I walk a thin line

They told me that I never would recover  
Still some say they knew me well  
I said  
"Stay by my side"  
But no one said nothin'  
I walk a thin line

And I said  
"Please Turn the tide"  
But no one was listening  
I walk a thin line

And I said  
"Fate takes time"  
But no one was listening  
I walk a thin line.
