Push too hard, I'll pack my bags, I'm going  
Ah, got to learn to let the river flow  
Move too fast, you'll end up never knowing  
What's inside my heart, give it time to grow

I need just a little space  
Then I won't be afraid

When it comes to love, got to treat it special  
When it comes to love, shouldn't be no pressure  
When it comes to love, got to take it easy  
You can't be too careful, when it comes to love

In your eyes, I see a fire burning  
Never seen it ever burn so bright  
Beneath my feet, I feel the earth stop turning  
Long enough to take my breath away and I

Need to know what you feel  
Got to show it's for real

When it comes to love, got to treat it special  
When it comes to love, shouldn't be no pressure  
When it comes to love, got to take it easy  
You can't be too careful, when it comes to love

(When it comes to love)  
Take it easy  
(Take it easy)  
Got to learn to take it slow

(When it comes to love)  
Keep believin'  
(Keep believin')  
(When it comes to love)  
Give it time and just let it grow

I need to know what you feel  
Got to show it's for real

When it comes to love, got to treat it special  
When it comes to love, shouldn't be no pressure

When it comes to love, got to take it easy  
You can't be too careful, when it comes to love

When it comes to love, got to treat it special  
When it comes to love, shouldn't be no pressure  
When it comes to love, got to take it easy  
You can't be too careful, when it comes to love

When it comes to love, it's special  
When it comes to love, shouldn't be no pressure  
When it comes to love, got to take it easy  
You can't be too careful, when it comes to love
