When you say  
That you know  
Of all the good times to come

When you say  
That there'll always be  
You and me

When I say  
That I know  
Of all the good time to come

When you say  
That there'll always be  
You and me

La la la la la la  
La la la la la la  
La la la la la la  
La la la la la la  
La la la la la la  
La la la la la la  
La la la la la la  
La la la la la la

La la la la la la  
La la la la la la

When you say  
That you know  
Of all the good times to come

When you say  
That there'll always be  
You and me

When I say  
That I know  
Of all the good time to come

When you say  
That there'll always be  
You and me

La la la la la la  
La la la la la la  
La la la la la la  
La la la la la la  
La la la la la la  
La la la la la la  
La la la la la la  
La la la la la la

La la la, la la la...
