Bah-oodo-doo-dahm, doo-dahm, doo-dahm  
Doo doddy doddy dahm

Graduation, graduation, ooh, ooh, ooh, ooh,  
graduation

High school parties are over  
Things wont be the same  
The day to grow up finally came  
Graduations here  
Graduation

Our trips to the ocean  
Were so much fun  
Remember the games we almost won  
Graduations here

### CHORUS

Our senior year and our one big sin  
Was the senior skip when we were all turned in  
The gaudy mischief had to come but now it's gotta go  
Cause graduations here and well soon be on our own

Bah-oodo-doo-dahm, doo-dahm, doo-dahm  
Doo doddy doddy dahm  
Graduation, graduation, ooh, ooh, ooh, ooh,  
graduation

Now we are walking down the aisle  
I cry inside but I'm trying to smile  
Goodbye friends, alma mater too  
Graduations here

Graduation, graduation, graduation, graduation
