Well, I went and lost her to the great impostor

I stood and watched her fall

Couldnt help her at all

Poetry so sweet

Has her at his feet his feet

He thinks she's the one but he has just begun

All her friends, they just watch her

For they know the great impostor

Don't she know he's on a stage?

It's not real it's just a play

And he's playing the part

But he's soon to break her heart

Oh can't she see she see?

Tomorrows misery morrows misery

Soon shell learn her fate but it'll be too late

All her friends, they just watch her

For they know the great impostor

And she's soon to join the roster

For they know the great impostor

FADE

And she's soon to join the roster
