"Beneath Contempt"

I can only take so much before my back will break.
So tell me what you've learned from your thousands of
Mistakes.

I don't want to be anything like you are.
New strains of apathy infecting all the old scars.

So many times I thought you would come through for
me.

You've had your chance to prove your authenticity.
So many complications.
So many limitations.
All lead to confrontations,
And violations of trust.

I didn't want to believe that you could be so quick to
Deceive.
I thought you understood.
