Winters come and winters go
Still no sign from you
I put the candle in the window
Will you be home soon?

And every time I close my eyes I see you
Running through the door to me
So loud and clear your voice is ringing in my ears and
I'm still

Hanging on a notion
Hanging on a notion

I try so hard it makes me weak
To send a message with my mind
Maybe then I'll feel complete
When I hear your reply

It was written in stone, it was in the stars
That we would be together
And I trusted you just like I'd trust an angel and I'm still

Hanging on a notion
You'll come back to me
Hanging on a notion
You'll come back to me

And every time I close my eyes I see you
Running through the door to me
So loud and clear your voice is ringing in my ears and
I'm still

Hanging on a notion
You'll come back to me
Hanging on a notion
You'll come back to me

I'm hanging, I'm hanging on a notion
You'll come back to me
Oh I'm hanging on

Every shadow, every sound I hear keeps me hanging

On a notion, on a notion
