"Heavy Angel"

Seen enough
And had enough
Always known enough to get by
You get by

You are my angel of death
My every wish your desire
Well I can even feel you breathe in my heart
That's a start
You think that you're a heavy heavy angel
Some cool zombie of death
Well don't you know that you can stay if you want
Come on stay a while

Now those zombies of death
Have all bitten the dust & gone home
See my eyes still wide open

This early grave we're digging here
One whisky, One scotch, One beer
So pretty and & so young
Where did they go so wrong, wrong

You think you're heavy, heavy angel
Some cool, cool zombie of death

Well they called you "Ice"
And that was nice
But you changed your form
When they came on warm
You're always changing your form
Your not such a heavy, heavy angel

You are my angel of death
Fell down from up above
So pretty and so young
Tell me, where did you go so fucking wrong?
You think you're heavy, heavy angel
Some cool, cool zombie of death
Well they called you "Ice"
And that was nice

But you changed your form
When I come on warm
Your not such a heavy, heavy angel

I never saw no zombie of death?

Heavy, heavy angel

Not such a heavy, heavy angel.

I never see no zombie of death
