I am the future of man
I am the plague
I am the Armageddon
I am man's darkest day
Feel the wrath of my power
Feel the sting of my breath
You'll find me in your darkest hour
For I am your death
I am the hate of the gods
I am the pain you knew
I am your punishment
I am the end of you
A world reborn in blood
A world destroyed by it's only son
A world infected by man
I won't spare anyone
I am the master
You are my slave
Forced to do my bidding
For the rest of your days
I am the end of mankind
I am infinity
I am the ruler of all
In my divinity
A world reborn in blood
A world destroyed by it's only son
A world infected by man
I won't spare anyone
I am the future of man
I am the plague
I am the Armageddon
I am man's darkest day
I am the hate of the gods
I am the pain you knew
I am your punishment
I am the end of you
