You had the prettiest blue-green eyes I'd ever seen
And I got a kick out of the way they looked at me
Like I was a two-headed creature from another planet
That thrilled and delighted you but you couldn't
understand it

Don't tell my ears 'cause they're not listening
Don't tell my heart, it doesn't know what it's missing
Don't tell my eyes, I know they won't believe
That you're not in love with me, that you're not in love
with me

We were inseparable, you followed me around
And I got used to you, this new friend that I found
I pictured us together, I pictured us apart
And I knew from that moment, you were capable of
breaking my heart

Don't tell my ears 'cause they're not listening
Don't tell my heart, it doesn't know what it's missing
Don't tell my eyes, I know they won't believe
That you're not in love with me, that you're not in love
with me

Six months of being friends was all that I could stand
So I mustered up the courage to hold your hand
You were bedazzled, bewildered, I guess it was just too
soon
And when I finally kissed you, you walked out of the
room
Sssh!

Don't tell my ears 'cause they're not listening
Don't tell my heart, it doesn't know what it's missing
Don't tell my eyes, I know they won't believe
That you're not in love with me

Don't tell my ears 'cause they're not listening
Don't tell my heart, it doesn't know what it's missing
Don't tell my eyes, I know they won't believe
That you're not in love with me, that you're not in love
with me

I know you love me just a minute
I wouldn't want you if you didn't
I've been patient and I've waited
Come on, come on, just say it

You and me, sitting in a tree
K I S S I N G
You're not in love with me
You're not in love with me
You know I don't believe
That you're not in love with me
