Tried to telephone
Knew you were at home
But it kept on ringing
On the wall

Should I send a letter
Would I get an answer
I just wanna see you
Got to talk

Cause you know
Everybody everybody everybody
Needs someone to love
Everybody everybody everybody
Needs someone to love

I don't wanna lose you
I just wanna hold you
Take you in my arms now
Forever more

I know that I hurt you
But I never meant to
That is why I standing
At your door

Cause you know
Everybody everybody everybody
Needs someone to love
Everybody everybody everybody
Needs someone to love

I need you now my love
To put things right
Don't let me down my love
Cause I can't forget
How it was when we met each other

I need you now my love
To put things right
Don't let me down my love

Cause I can?t forget
How it was when we met eachother

Cause you know
Everybody everybody everybody
Needs someone to love
Everybody everybody everybody
Needs someone to love
