Hear the ghost clock ticking in our head
With a tick tock it's over when we're dead
Hear the ghost clock ticking in our head
With a tick tock it's over when we're dead

Walk till our legs won't take us there
Then this is where we'll be
Said we'll walk till our legs won't take us there
Then this is where we'll be

When we hear the ghost clock
Sticking in our head
With a tick tock it'll be over when we're dead

Hear the ghost clock sticking in our head
With a tick tock it'll be over when we're dead
With a ghost clock ticking in our head
With a tick tock it'll be over when we're dead

Walk till our legs won't take us there
Then this is where we'll be
Said we'll walk till our legs won't take us there
Then this is where we'll be

When we hear the ghost clock
Ticking in our head
With a tick tock
It'll be over when we're dead

Hear the ghost clock sticking in our head
With a tick tock it'll be over when we're dead
We'll hear the ghost clock ticking in our head
With a tick tock it'll be over when we're dead

Walk till our legs won't take us there
Then this is where we'll be
Said we'll walk till our legs won't take us there
Then this is where we'll be

When we hear the ghost clock
Ticking in our head
With a tick tock

It's gonna be over when we're dead
