I met the pompom-girl down at Rockaway Beach  
Alright, we were getting high  
Backseat wrestling in a dead-end street  
She bit my neck and sucked the life outta me  
Alright, really sucked me dry

Why did you have to set my girl you had to set my girl  
on fire?  
Why did you have to set my girl you had to set my girl  
on fire?

Fishnet-stockings, seven inch high heels  
A coffinparty with my cemetary queen  
Alright! In a ring of fire  
Time-to-die-boogie in the midnight fog  
She's makin' me howl like a horny devil dog  
Alright! Baby let's go wild

Why did you have to set my girl you had to set my girl  
on fire?  
(6x)

Let me tell you about that special feeling  
To see your rotting face smiling at me  
Alright! It really makes me wild  
I would do anything to keep this girl  
I'm gonna kick some ass, I'm gonna rule this world  
Alright! Yeah Worldwide

Why did you have to set my girl you had to set my girl  
on fire?  
(4x)
