Goddamn it
You said it
Said to me that I had nothing to lose
Got pissed on
And you gave me the blues

Bad morning
All alone
Waking up from a barfight, lost my comb
Got cheated on
Well I piss on you
'cause you gave me the blues

The loving was bad
The loving I had wasn't mine
There was something about it
Something about it
That made me lose my mind
Love is unkind
The loving I had wasn't mine
There was something about it
Something about it
That made me lose my mind

Tried hating
Tried dating
Made mistakes that I'll never do again
Got shit on, well I piss on you
'cause you gave me the blues

The loving was bad
The loving I had wasn't mine
There was something about it
Something about it
That made me lose my mind
Love is unkind
The loving I had wasn't mine
There was something about it
Something about it
That made me lose my mind

Got stepped on
Got pissed on
Don't ever fuck with me again
Well I've got news
News for you
I'll give you the blues

The loving was bad
The loving I had wasn't mine
There was something about it
Something about it
That made me lose my mind
Love is unkind
The loving I had wasn't mine
There was something about it
Something about it
That made me lose my mind

The loving was bad
The loving was bad
The loving I had
The loving that wasn't mine
I lost my mind
I lost my mind
