Find a good job and don't make a fuss.
You're payin' all your bills so forget what you love.
'Cause you'll be payin' bills till you're ashes and dust.
Working Class Bullsh*t is something to see.
Working Class Bullsh*t is something to see.

He found himself a band and gave all his time.
Played a hundred shows and never saw a dime.
So he put on a suit and he gave up his rhyme.
Working Class Bullsh*t is something to see.
Working Class Bullsh*t is something to see.

He calls himself an artist and does all your chores.
He calls himself an artist and cleans all your floors.
And never will you know him as anything more.
Working Class Bullsh*t is something to see.
Working Class Bullsh*t is something to see.

He can't get the day off to play at his show.
There goes another job and that's how it goes.
Just to play a show for some people he knows.
Working Class Bullsh*t is something to see.
Working Class Bullsh*t is something to see.

Sits at a desk and files their sh*t.
Like he gives a f*ck if the company takes a hit.
He'd rather be at home smoking weed with his friends.
Working Class Bullsh*t is something to see.
Working Class Bullsh*t is something to see.
Delivers your pizza while sippin' on gin.
Drives his car away and he does it again.
He's gotta be drunk just to keep comin' in.
Working Class Bullsh*t is something to see.
Working Class Bullsh*t is something to see.

They defile your food and smile to your face.
Please come again if you like what you taste.
It's a gourmet cuisine featuring today's artist's waste.
Working Class Bullsh*t is something to see.
Working Class Bullsh*t is something to see.

You know inside who you really are.

You don't need a paycheck or an imported car.
Now let's go to work and find out who we are.
Working Class Bullsh*t is something to see.
Working Class Bullsh*t is something to see.

He pulls your car over and searches your stuff.
While his partner's laughing as they throw on the cuffs.
When will they know when enough is enough.
Working Class Bullsh*t is something to see.
Working Class Bullsh*t is something to see.

If you want to make it far then don't look at me!
If you want to make it far then don't look at me!
If you want to make it far then don't look at me!
