Don't let it fade away
Be strong enough to tell me goodbye
Don't let it fade away
Just because you don't want to see me cry
If it's over now i'll be ok
Just don't let it fade away

Don't let it fade away...

You keep me dangling
From a string you cannot sever
It's time to end all indecision
Curiosity is killing me

Look me in the eye and tell me you don't love me
Put me out of my misery
Your silence is giving me too much hope

Don't let it fade away
