Stillness calms me while the darkness pounds outside
my head

Hate surrounds my life until you bring me peace again

Your voice is all I need to keep the hurt from seeping in

One last time I call your name

And you save me once again

My only love, I bleed for you

And I can't let go

No matter what I do

Your face, so sweet

I never want to see you go

As I lay there dying in your arms, you weep for me

You brush a kiss against my lips, and then I'm whole
again

My pain disappears as I lay with you, and we become
one soul

I feel your arms close around me tight

And I know I can go on

My only love, I bleed for you

And I can't let go

No matter what I do

Your face, so sweet

I never want to see you go
