Blue is the colour of my true lovers eyes  
Black is the colour of her heart  
I walked in the room with a smile on my face  
I knew i was dead from start  
Baby hurricane keeps her love on a chain  
And a rattle snake charm in her hand  
A knife for an eye  
And fork for a tongue  
A stranger in the strangest land

To weak to leave her  
Only came here to get out of the rain  
Pick me up and put me down again  
Put me out of this pain

Baby Hurricane  
Don't blow me down again  
Oh bury me deep  
Cos i wont sleep  
No i wont sleep till i find you again  
Baby Hurricane  
Don't go walk in the rain

Oh your crocodile shoes are leaking  
And theres nobody driving your train  
Baby Hurricanes get wheels in her heels  
And shes skating around on your face  
Back water baby got washed down the drain  
And landed in front of your face  
Shes a trampolene

She scratches and screams  
A razor strapped to her boot  
Her brains in a sling  
Shes a dangerous thing  
And shes looking for someone to shoot

To weak to leave her  
Only came here to get out of the rain  
To weak to leave her  
I cant decieve ya  
Put me out of this pain

Baby Hurricane  
Don't blow me down again  
Oh bury me deep  
Cos i wont sleep  
No i wont sleep  
Till i find you again  
Baby Hurricane  
Dont go walk in the rain  
Oh your crocodile shoes are leaking  
And theres nobody driving your train  
Baby hurricane  
Baby hurricane  
Oh baby Baby hurricane  
Baby hurricane
