Love will make you gamble
Make you stay out all night long
Dont fall asleep ever again
Or death shall come

Got a screwdriver stuck in my brain
I'm feeling so high and low
Washed out and hung with a peg around my throat
Yeah the sun will make you cry
Make you cry
Dried out theres no water left for tears
Just a bottomless pit and your staring in it
The man says theres absolutely no room inside
Theres no room inside
No room inside

So she sleeps and she sleeps and she sleeps
All the cobwebs and the stones they leave her alone
One look and I know you wont last the night
Because Death Shall Come
On swift wings to those who touch the tomb of my girl
Death Shall Come
On swift wings to those who touch the tomb of my girl

So she sleeps and she sleeps and she sleeps
All the cobwebs and the stone whisper leave her alone
One look and you know that she wont last the night
Because Death Shall Come on swift wings
To those who touch the tomb of my girl

Death Shall Come on swift wings
To those who touch the tomb of my girl

Don't fall asleep and dream without me
Don't fall asleep no more no more
Don't fall asleep and dream without me
Don't fall asleep no more

Death Shall Come on swift wings
To those who touch the tomb of my girl

Death Shall Come on swift wings

To those who touch the tomb of my girl
