I May Have Said You're Beautiful But You Know I'm Just
a Liar

I love her and she loves me
The sea is pink, but one and one is three
Everyones so fine, just we're no good
Things are gonna work out just the way they should
'Cause you're beautiful you're beautiful, I'm just a liar
You're beautiful
Beautiful
I'm Just a Liar

You never learned how I really care
I'll take you up in dizzy dizzy circles
Wave after wave I'm washing over
Plastic kisses while we're doing the dishes
'Cause you're beautiful, yeah you're beautiful, but I'm
just a liar

I May Have Said You're Beautiful But You Know I'm Just
a Liar
I'm lying

I love her
she loves me
The sea is pink, but one and one is three
Wave after wave I'm washing over
Plastic kisses while we're doing the dishes
you're beautiful, hey hey you're beautiful, but I'm just a
liar

I May Have Said You're Beautiful But You Know I'm Just
a Liar
I'm lying will ya please stop crying!
I May Have Said You're Beautiful But You Know I'm Just
a Liar
