Slimy, rotten bastards  
Eating from my grave  
Better leave this corpse undone  
Soon you'll feel my rage

I will change your passion  
To things beyond your mind  
Before you touch my bloody guts  
Your flesh will be mine

Disturbance of my peace  
Deep down underneath  
Longing for revenge  
The savagery commands

Slimy, rotten bastards  
Gnawing off my bones  
Leave my rotten corpse alone  
Before I'll take your soul

Blood, guts, putrid flesh  
You will rot alive  
Slash, slice, chopped in half  
Erosion of your bowels

Carnal devourment  
Carnal devourment
