Kill the pigs of war  
Pain and fear no more  
Kill to save my back  
Hell and blood attacks

Forced to kill I rise  
Death before my eyes  
(The) beast of war in sight  
Forced to kill I fight

The war machine  
A deadly force so mean  
A sky so black  
The war machine attacks

Forced to hate I kill  
Seas of blood I spill  
Fast and mean I strike  
Kill to stay alive

No retreat, no defeat  
Seems that this battle won't end  
War till death, relentless  
Fight to the last and defend

Fields of blood cry  
Marching to die  
Scorching the land  
Got no repent

Forced to kill I rise  
Master in/of disguise  
Spread the pain, the war  
(like) never seen before

Death and blood will reign  
Forced to reign in pain  
Lots have lost their faith  
Cuts the human race

Leave behind the weak  
Strength in war we seek

Burning years to come  
The dark ain't got no sun

Burning, fields of war, the massacre starts  
I creep, through the dark, prepare the fatal attack  
Control, the war machine, launch the deadly assault  
Escape, the firestorm, turns life to dust
