Buried deep into the tomb
Still alive with bleeding wounds
In agony I suffocate
I will return to seal your fate

I will be back to take revenge
To slay the bastard, I will commence
To nail your body to the cross
And watch you die without remorse

Cold suicide nation
Born to kill itself
Emptiness is burning me
Too blind to find ourselves

Impure massacre of bloody souls
The master killer reigns, the truth unfolds
Cause human life is nothing worth to me
I kill and kill again to set my spirit free

Impure massacre of bloody souls
The master killer reigns, the truth unfolds
Cause human life doesn't bother me
I kill and kill again to set my spirit free

Impure massacre of bloody souls
I can't remind, I can't control
Impure massacre of bloody souls
Unleash the beast to start the bloody ritual

Till death do us part

Sons of hell in torment
Slaves of torture rise
Suffer from eternal pain
I'm the enemy of life

Sons of hell in torment
Slaves of torture rise
Suffer from eternal pain
As I stare into your eyes

Set the corpse on fire
And watch it with delight
Listen to the silent voice
I'm the enemy of life
