These last few weeks have been so perfect for me
But maybe it's never been enough for you
Maybe it's me
Maybe it's me that's not enough
Or maybe you've simply had enough of me and you
I don't know what to do

You go out and have your fun
And I stay home and do whatever
I know we'll never change no
We'll be this way forever
We just can't be together

This is it
I swear to god
We can't do this much longer
I lose my patience
You lose your temper
We both lose something that we hold dear

Now we're left with a few good memories
And puzzle pieces of ourselves
Now it's time to go our own ways
Another story for us to tell
Another story for us to tell

So now I'm alone in my room
Staring at these photographs of you
How could we fade so far away
From where we were the other day

You looked happy
But maybe you don't want happiness
You're leaving me so frustrated
I get so confused
I don't know what to do

You go out and have your fun
And I stay home and do whatever
I know we'll never change no
We'll be this way forever
We just can't be together

This is it
I swear to god
We can't do this much longer
I lose my patience
You lose your temper
We both lose something that we hold dear

Now were left with a few good memories
And puzzle pieces of ourselves
The time has come to go our own ways
Another story for us to tell
Another story for us to tell
