You're the life of the party
You know just what you should say
You know the words that make the boys come out and
play

You've got looks and style
Plenty wits and riches
But you're harder to control
Than a four year old

So listen to me now
And understand it better
When your face is on the TV
And it says buy one get one free
These girls are wild
Wild, yeah!

Get down get down turn around you're
Not hesitating to leave
Behind your own love and
Results of your misconduct
Slow down slow down if you can't
Maybe you're moving too fast
Getting carried away and baby I can't keep up
Oh no

So what do you do
When you're alone in a room
And you've got all eyes on you
And you have finally become the
Center of attention
And now the new sensation
Everybody's watching
And there thinking to themselves
These girls are wild!

Get down get down turn around you're
Not hesitating to leave
Behind your own love and
Results of your misconduct
Slow down slow down if you can't
Maybe you're moving too fast

Getting carried away and baby I can't keep up
Oh no

You're living a life that's as easy as you are.
