your hard to get out of bed when  
you've been up all night have you thought  
about what you said  
have you said enough yet  
have you said enough yet, no.  
riding off with what is left of me your  
feeling good have you thought  
about what you done  
have you thought enough yet  
have you done enough yet, no  
oh not a lot to say, god only knows what  
we're going through, oh not a lot to say  
god only knows what we're going through  
picture this you in your bedroom with  
your head cut off you grit your teeth  
then you say, why did i trust them  
i swore i'd never trust them, but you did  
oh not a lot to say, god only knows what  
we're going through, oh not a lot to say  
god only knows what we're going through

oh not a lot to say, save me i won't let it out  
save me i won't let it out  
oh not a lot to say, save me i won't let it out  
save me i won't let it out  
your hard to get out of bed, your up all night  
have you thought about what you said  
have you said enough yet  
have you said enough yet, no
