10.000 Lightyears somewhere out in space  
They practice love and they know what it takes  
No competition and no jealousy  
Living in freedom and humanity

10.000 Lightyears away, lightyears away far from pain  
Came to a place full of grace and of peace  
10.000 Lightyears away from our fear

Suddenly it's ringing in my ears  
Why is it now I don't wanna be here  
I feel like flow in that clock at the wall  
God, how I wish that this dream would go on

10.000 Lightyears away, lightyears away far from pain  
Came to a place full of grace and of peace  
10.000 Lightyears away from our fear

10.000 Lightyears somewhere out in space (10.000  
Lightyears)  
10.000 Lightyears somewhere out in space (10.000  
Lightyears)  
10.000 Lightyears somewhere out in space (10.000  
Lightyears)  
10.000 Lightyears somewhere out in space (10.000  
Lightyears)

3rd verse - on Promo-LP 206 318-000 only!!!  
Reality comes knocking at my door  
I face the same obligations once more  
Dreams took me 10.000 lightyears away  
I'd give all I got if that's where I could stay
