Oh mama

Now mama

Come tell me that you wanna

You wanna

Oh mama

In my pyjama.

My imagination carry my mind away

Only Margherita feel like a holiday.

Come tell me that you wanna

You wanna

Oh

Mama

You wild madonna

Mama

Now mama

Come tell me that you

Felicidad

And I can't help but feeling this way

You're the one who can change my tomorrow toda

Felicidad

Won't you ride on the wings of my fantasy

And this summersong will last a whole life long.
Only Margherita love like America

Only Margherita take me to shangri-la.
