I see mushrooms, atomic mushrooms.  
I see rockets, missiles in the sky.  
Day by day, more and more,  
Where will this lead to  
And what is this good for?  
Poor world, poor world.

Concrete's rising up,  
Where yearerday was park  
You heard the robin's song  
Heavy tractor runs  
Where air was clean and cool  
Make money, bringing fuel.

Where will this lead to  
And what is this good for?  
A poor world, poor world.

Fishes doomed to die  
As people live close by  
And oaktree falls with moon  
Parking lots will come  
With flowerfields were bright  
As junkyard covers sight!

Where will this lead to  
And what is this good for?  
Poor world, is hurting bad,  
Poor world, is doomed to die.

We kill the world  
Kill the world  
We surely do  
In peace we do!  
We kill the world  
Kill the world  
'cause we don't know  
What we are doing!

We kill it  
One by one

Don't realize!

And nuclear piles stand like monuments  
Of destruction throughout over the country

Promenades must go  
So cars can drive in row  
New fact'ry towers tall  
Farmhouse had to fall  
No flowers in the air  
Pollution everywhere.

Where will this lead to  
And what is this good for?  
A poor world, poor world.

Oceans in despair  
There's rubbish everywhere  
The seaweed chokes in mud  
Nature's had her lot  
With nuclear waste and rot  
And mushrooms bloom as clouds.

Where will this lead to  
And what is this good for?  
Poor world, is hurting bad,  
Poor world, is doomed to die.

We kill the world...

Don't kill the world  
Don't let her down.  
Do not destroy basic ground.  
Don't kill the world  
Our means of life.  
Lend ear to nature's cry.

Don't kill the world  
She's all we have,  
And surely is worth to save.  
Don't let her die,  
Fight for her trees,  
Pollution robs air to breathe.

Don't kill the world  
Help her survive  
And she'll reward you with life  
And don't just talk,  
Go on and do the one, who wins is you.

Cherish the world,

A present from god  
On behalf of all creatures,  
Made by the lord  
Care for the earth,  
Foundation of life  
Slow progress down help her survive
