Listen for sounds you've been chosen to hear
Like you're laughing alone in the dark
Feeling so down but there's nothing to fear
But the break that I feel in my heart
But I suddenly see someone's waiving at me
A silhouette image a daydream
I'm hearing sounds of the turntable spinning
And you're running on air
I feel alright sometime
So look out yesterday
Tearing out the thoughts
With every word you say
Cause I know there's
A right way to fly
And a right way to die
So i'm just holding on

Numbing the pain like a brand new beginning
Cause everyone here looks the same
The merry-go-round makes me
Feel like I'm spinning and

Everyone's screaming my name
But I suddenly see someone's waiving at me
A silhouette image a daydream
I'm hearing sounds of the turntable spinning
Like I'm running on air

I feel alright sometime
So look out yesterday
Tearing out my thoughts
With every word you say
Cause I know there's
A right way to fly
And a right way to die
So i'm just holding on

Well time is slowly tearing me apart
So I'm just holding on
Cause I know it's a ride
And it feels so hot today
Despite your holding everything inside

Get it out once in a while
Say goodbye to yesterday

Nah na na nah...
