Tonight I'm going to leave with you

Do what you want to, but never do

I don't care how much you want me to stay

The tourist plays what you want him to play

Where will you go

Now that it's over

Now that you're older

Where will you go

Where will you go

Now that it's over

Now that you're older

Where will you go

I'm like the evil and you'll be the saint

You bring the pleasure

I'll bring the pain

For every promise, there's a price to pay

The tourist plays what you want him to play

Where will you go

Now that it's over

Now that you're older

Where will you go

Where will you go

Now that it's over

Now that you're older
Where will you go

Where will you go

I can do anything...

Where will you go

Now that it's over

Now that you're older

Where will you go

Where will you go

Now that it's over
Now that you're older

Where will you go

Where will you go?
