Bend my arms back, as far they will go  
Tilt your head back, I'll sneak slow into your room  
Everything is fine, and I think that I'm lost again  
16 months of hell and I'm over and done with this

Can you see me, through your window?  
Can you teach me, everything I need to know?

Can you please stop this angel?  
Can you please stop this angel?

You must be some kind of killer of something,  
I hope that you can hear this  
Some kind of killer with a passion for me  
She said, put your dagger in slow, 10inches above the  
knee and take me.

Can you see me, through your window?

Can you teach me, everything I need to know?

Can you please stop this angel?  
Can you please stop this angel?

I always knew you were a sucker for the slow and pretty  
ones, I'm sorry I couldn't be that, but your apologies  
mean nothing to me now, no your apologies don't  
mean shit to me now.

Can you see me, through your window?  
Can you teach me, everything I need to know?

Can you please stop this angel?  
Can you please stop this angel?  
Can you please stop this angel?  
Can you please stop this angel?
