"Mother Father"

Why wont you listen to your mother
Father he'll protect you so
He wishes he had like a dad like I do
Young and aswem and always follows through

Why wont you ever listen to your mother
Father he'll protect you so
Someday you'll wish you had me
But for now I have to go

Every time I come around you
You think that I want something

I just want to be around you
Words you won't even talk to me

Why wont you ever listen to your mother
Father he'll protect you so
Someday you'll wish you had me
But for now I have to go
(x2)

Father father screwed his life up
Father father screwed his life up
