Jemaine: Hey there Bret I see you looking down

Dont want to see my little buddy down with the frown

Just because I'm getting more women than you

But that's only because they don't know you like I do

Sure your weedy, and kinda shy

But some girly out there must be needy for a weedy  
shy guy

They want you wheres the needle when their rolling in  
the hay

Just hear me out when I say,

Bret you got it going on  
The ladies'll get to know your sexuality  
when they get to know your personality  
I say Bret you got it going on  
Not in a gay way just in a hey mate  
I wanted to say that you're looking O.K mate

Why can't a hetrosexual guy tell a hetrosexual guy

That he thinks his booty is fly

Not all the time obviously,

Just when he's got a problem with his self-esteem

Don't let anybody tell you you're not humpable

Because you're bumpable, well I hope this doesn't  
make you feel uncomfortable

If I say you got a boom, Oww oww come on Bret, help  
me out now

Bret you got it going on

Bret: I got it going on  
That's the conclusion that I've come to  
But that doesn't mean that I want to bum you  
Bret you got it going on  
Bret: Got it going on...  
No doubt about it we'd be getting crazy if one of us was  
lucky enough  
To be born a lady

Ewww, If one of us was a lady

And I was your man if I was your man although  
sometimes it gets lonely

And I need a woman then I imagine you with some  
bustoms

In fact one time when we were touring and I was really  
lonely

And we were sharing that twin room in the hotel

I put a wig on you

When you were sleeping I put a wig on you

Eww Ewwwww and I just laid there and spooned you

Eww Bret you got it going on
