Ohhh...

Aw, yeah...

Girl, tonight we're going to make love

You know how I know?

Because it's Wednesday,

And Wednesday night is the night that we usually make
love

Tuesday night is the night that we usually go to your
mother's place

And I teach her how to use the video machine again,
But Wednesday night is the night that we're making
love

When everything is just right:

You're not too tired from your after-work social netball
team practice

There's nothing good on TV,

Mmmmm... conditions are perfect for making love

You turn to me and say something sexy like:

"I might go to bed, I've got work in the morning."

"I know what you're trying to say baby,

You're trying to say,

"Aw yeah, it's business time"

(Chorus)

It's business,

It's business time!

(I know what you're trying to say,

You're trying to say it's time for business, business
time, ooh!)

It's business,

It's business time!

(Oh, woah, oh, woah, yeah, yeah!)

Next thing you know we're in the the bathroom
brushing our teeth,

That' all part of it, that the foreplay

Foreplay is very important, in love-making

Then you go sort out the recycling,

Which isn't part of the Foreplay, but it's still very
important

Next thing you know we're in the bedroom
You're wearing that same old, baggy t-shirt with the
stain on it
That you got from that team-building exercise
That you did for your work several years ago
(Team building exercise '99!)

I take off my clothes, but I trip over my jeans,
And I'm still wearing my shoes,
But it's okay, because I turn it all into a sexy dance
Next thing you know I'm wearing absolutely nothing,
Except for my socks
And you know when I'm down to just my socks what
time it is:
It's business time!

It's business,
It's business time!
(You know when I'm down to my socks,
It's time for business, that's why we call it business
time, ooh!)
It's business,
It's business time!
Uhrrr, hrrr, hooo, huhhhh, yeah, a yeah!

Making love...
Making love for...
Making love for two
Making love for two minutes

When you're with me you only need two minutes, girl,
'Cause I'm so intense,
Two minutes in Heaven is better than one minute in
Heaven, mmm
You turn to me and say something sexy like:
"Is that it?"
I know what your trying to say, girl,
Your trying to say:
"Aw, yeah, that's it!

Then you tell me you want some more, well uh,
I'm not surprised
But I am quite sleepy

It's business,
It's business time!
(Business hours are over, baby!)
It's business,
It's business time!
