Demon woman, demon woman

Demon woman your hair is like silk but you're curdling  
my milk

I know not of what wilt thou are  
(Demon woman, woman demon)

Demon woman, you sit on a rock, looking nice in your  
frock

But you're scaring my life stock  
(Demon woman, woman demon)

Demon woman, you're making me moan, turn my bone  
into stone

And you're taking me home, to meet your familiars  
Nice to meet you, you cast your spell very well  
(Demon woman, demon woman, woman demon)

Demon woman, you cut puppies toes off, pull an  
animal's nose off

How'd you magic my clothes off?

Demon woman, take me back to your room  
Make me howl at the moon, make me pray to the  
temple of womb  
(Demon woman, woman demon)

Your breasts are balls of flame and I'm burning my  
hands

Playing these ball games

(Demon woman, demon woman, demon woman,  
woman demon)

How woman, wow, wow, wow, oh

How woman, wow, wow, wow

How woman, wow, wow, wow, oh
