African moon
Rollin' with the mighty waves
We'll be there soon
Feel the winds as we sail on home to African moon

African moon
My heart beats like the drum
Now it is noon
Loved ones I left behind I'll see again
African moon

African moon
I will see you once more
Yes again I'll adore the real sound of the drum
Oh yes I'm sailing feel your hot sun
African moon

African moon
Looking out to the sea
A reunion there'll be in the evening sun
Oh there's a new life that's awaiting me
African moon

Hold up your head
One day you'll be understood
Stand and be proud
Your sorrows are gone for good
Hold up your head
And you'll be satisfied

African moon
I will see you once more
Yes again I'll adore the real sound of the drum
Oh yes I'm sailing feel your hot sun
African moon

African moon
Looking out to the sea
A reunion there'll be in the evening sun
Oh there's a new life that's awaiting me
African moon
