Meet me on the moon very, very soon
Meet me on the stars, Jupiter and Mars
Fly me to a star
Burning out in space, shining on my face

Fly me through the night on your silver wings
Over crystal seas, valleys of the kings
By the lilac shore where the dragon flies
In the diamond skies

Silly, silly confusion
And a tangle of wild illusion
And we're living in a wonder world of fantasy
We spent all our times in sweet living dreams

It's a silly, silly confusion
Like a flower of wild profusion
You can do the things in life you always wanted to
And within your heart you know it always will come true

Take me for a ride in your dream-machine
To a time and place where no one has been
Where the sun is blue and the sky is green
In your dream-machine

Fly me to a star burning out in space
Let me feel the light shining on my face
Sail on solar winds, sail on silver birds
Through the universe

Silly, silly confusion
And a tangle of wild illusion
And we're living in a wonder world of fantasy
We spent all our times in sweet living dreams

It's a silly, silly confusion
Like a flower of wild profusion
You can do the things in life you always wanted to
And within your heart you know it always will come true

Silly, silly confusion
And a tangle of wild illusion

And we're living in a wonder world of fantasy
We spent all our times in sweet living dreams

It's a silly, silly confusion
Like a flower of wild profusion
You can do the things in life you always wanted to
And within your heart you know it always will come true

Silly, silly confusion
Silly, silly confusion

Silly confusion
Silly confusion
Silly confusion
