Strange, how you stopped loving me!  
How you stopped needing me!  
When you came along, oh how strange!

How you stopped needing me!

Just stopped and walked away  
When you came along, oh how strange!

Strange, you're still in all my dreams  
Oh what a foolish me  
I still care for you, oh how strange!

Well I guess that I was meant to be  
A puppet on a string

To think I found you really love me  
Look what love can bring

Strange, you're still in all my dreams  
Oh what a foolish me  
I still care for you, oh how strange!

Strange, how you stopped loving me!  
How you stopped needing me!  
When you came along, oh how strange!

Strange, you're still in all my dreams
