[sing to me, another love song, sing to me, me, me
sing to me another love song, sing to me, sing to me,
sing to me me, me

sing me another love song, and i'll sing you, a lullaby
and it won't be long until you see me coming
to be with you, and by your side

here comes the love girl, you've been looking for,
i'll give you all you need, then i'll give you more,
it's been a long time since i've been gone, the waiting
is over now, baby here i come

so won't you sing me another love song, and i'll sing
you a lullaby
and it won't be long until you see me coming, to be with
you, and by your side
yeahhhhh sing another love song..... nanananana
nanananana..... sing another love song
sing to me another love song, sing to me sing to me
sing to me me me

just close your eyes girl let me see this through,
imagine that all you want is standing next to you, you
don't have to dream no, our time has come, the waiting
is over now, baby here i come, baby here i come, baby
here i come

so won't you sing me another love song, and i'll sing
you a lullaby
and it won't be long until you see me coming to be with
you and by your side
yeah.....sing another love song....nanananana
nanananana.....sing another love song
