[Where where you to hold my hand?]
[Hold my hand]x3

Where were you to hold my hand
Do the things that we had planned
Guess I need you by my side when things go crazy
I just need to know you care
Guarantee that you'll be there
When I wake up in the night
Will you be my guiding light?
I don't care how far I'll take you there
Tonight, just tell me where you are

And everything's gonna be alright

CHORUS Like a shooting star
Across the midnight sky
Wanna fly, just to be with you tonight x2

[Where were you to hold my hand?]

Repeat verse

Like a shooting star
Across the midnight sky
Wherever you are you're gonna see me fly

CHORUS
