[Chorus]

Tell myself that I was doing alright,
There's nothing left to do tonight,
I go crazy on you, crazy on you,
Let me go crazy, crazy on you, whooo!

[Verse 1]

Can't you see what you do to me baby?
You make me crazy, you make me act like a maniac,
I'm like a lunatic, you make me flip,
You're truly the only one who can do this to me,
You just make me get so crazy,
You let the Flip come out my Boy,
To let my anger employ which I don't really enjoy but
we forgive and rejoice,
It really gets me annoyed when you flirt with other
boys,
Instead of revenging with girls, I spit a verse in a burst,
I get so jealous when I see you toying around with other
fellas,
I get so fed up and redden, I wanna cut them up like
cheddar,
Take they skin, wash it clean, make a jacket out of a
leather,
Then I realize it would be better to end them with a
beretta,
From then on, I stopped getting jealous a while ago,
forever,
But if someone's fucks with you or me, I'll get away with
murder,
I wonder, is it love or lust that attracts us to each other?
We don't bother, deep down in our hearts we know
we're still lovers,
Of course we fight, I push and wrestle you down on the
bed,
I pin you to keep you from hitting me, then we run out
of breath,
We take a breather, then it's right back to a fight to our
death,
You scratch like a cat, you left plenty scars on my arm
and chest,

Then we kiss and make-up, we forgive and forget,
We apologize sorrowly and then get undressed,
We then jump on eachother and have sex on the bed,
You give me head and then I give you everything you
request,
We then lay side by side, overwhelmed, your welcome,
No talking between us, except our hearts pounding like
a drum,
I won't pretend that I don't need to you in my life to
succeed,
Because I really do need you and I'd die if you were to
leave,
If we weren't meant to be, I would cease to exist,
When you're right beside me, I flow swift in a bliss,
And since when is too much love never enough?
Maybe 'cause we're crazy in looove!
[Chorus]
Tell myself that I was doing alright,
There's nothing left to do tonight
I go crazy on you, crazy on you,
Let me go crazy, crazy on you, whooo!
[Verse 2]

You are the lyrics to my song what my voice is to my
mic,
The foundation that stands on every word that I rhyme,
You are the word that describes my everyday on-going
feeling,
Even though it's been bleeding and needing a
complete healing,
Despite that I despise the incite that you've caused in
the past,
I wanna spend the present with you while having a
blast,
Let's not make those stupid mistakes once again to
hurt eachother,
Moneywise, I don't really care anymore, go be a
spender,
Go out shopping and buying everything to possess
splendors,
As long as it's not my money that I have to surrender,
That doesn't mean I'm cheap, I'll obviously buy you lots
of gifts,
But only if I know it's worth it and something your happy
with,
Let's have the giggles and tickles, be fun between us
once again,
You love me, I love you more, now it's out of your
system,
You hate me, I hate you more, you have grudge and
dread,

I'll make it easier for you, I'll shoot myself in the head,
But I don't think you would want me to do something
like that,
So instead of a gat, I'll bash my head with a bat,
I wanna spend the rest of my time on earth if it's with
you,
I'll let you kick me in the balls, but I'll never hit you,
I've sacrificed a lot for you and still got my heart
ripped,
I still come back to you even if other people talk shit.
And since when is too much love never enough?
Maybe 'cause we're crazy in looove!

[Chorus]

Tell myself that I was doing alright,
There's nothing left to do tonight
I go crazy on you, crazy on you,
Let me go crazy, crazy on you, whooo!
